# PASSAIC VALLEY WATER COMMISSION

## Notice to Residents of CLIFTON, ELMWOOD PARK, FAIR LAWN, GARFIELD, LODI, PASSAIC, PATERSON, TOTOWA and WALLINGTON

### POSSIBLE DISCOLORED WATER AND LOW PRESSURE

The Passaic Valley Water Commission will be performing repairs on two water transmission mains that service the municipalities of Clifton, Elmwood Park, Fair Lawn, Garfield, Lodi, Passaic, Paterson, Totowa and Wallington.

The work is scheduled to begin on Monday, January 23, 2006 and is anticipated to be completed on or about Friday, February 3, 2006. During this period of time, your water will be supplied through other transmission mains. This may produce discolored water and lowered water pressure at any time during the work period.

The Passaic Valley Water Commission assures all customers that the water will be safe for use during this period; however, customers are cautioned to determine if the water is clear before washing clothes (or any other processing) as staining may occur.

The Passaic Valley Water Commission regrets any inconvenience this may cause our customers. For additional information please call our Customer Service Department at 973-340-4300.

Passaic Valley Water Commission thanks you for your cooperation.  
If contact information should change at any time please contact  
Lynn Bisesi at 973-237-2037.
