STOP MOSQUITOES & WEST NILE VIRUS LOOK, CLEAN, FIX, EMPTY!

LOOK for standing water in ...tires, buckets, recycling containers, tin cans, bottles, pool covers, flowerpots, birdbaths, rain barrels and wheelbarrows!

CLEAN areas where water can and will collect – gutters, empty buckets.

COVER wading pools and swimming pools. Empty water collecting on covers.

FIX leaky pipes, outside faucets where water will pool. Fix indoor screens.

EMPTY and clean birdbaths, pools.

A puddle of water left for 4 days can develop mosquitoes!

Report dead crows to your local Health Department!
